# The basket makers child

unwed

1. When the green willows by the brook  
Of old the sweet waters danced and smiled  
In a cottage nestled in a quiet nook  
Dwelt the basket makers child,  
Twas the holy sabbath eve,  
And the stars glittered bright in the sky  
The moon recold, the night birds sang  
"How long shall we she must die."

Chorus

Where the green willows waved by the brook  
And the stars glittered bright in the sky  
The winds low moan the dry leaves shook  
On that still night by that murmuring  
brook, "How long shall we she must die"

2

2. Dearly not far, she said,  
For the death clasp has clinched my eye  
The saviors hand is beneath my head  
I am not far to die  
I go to my happy home  
My earthly work is all must done  
I here the gentle saviors words  
Let little children come

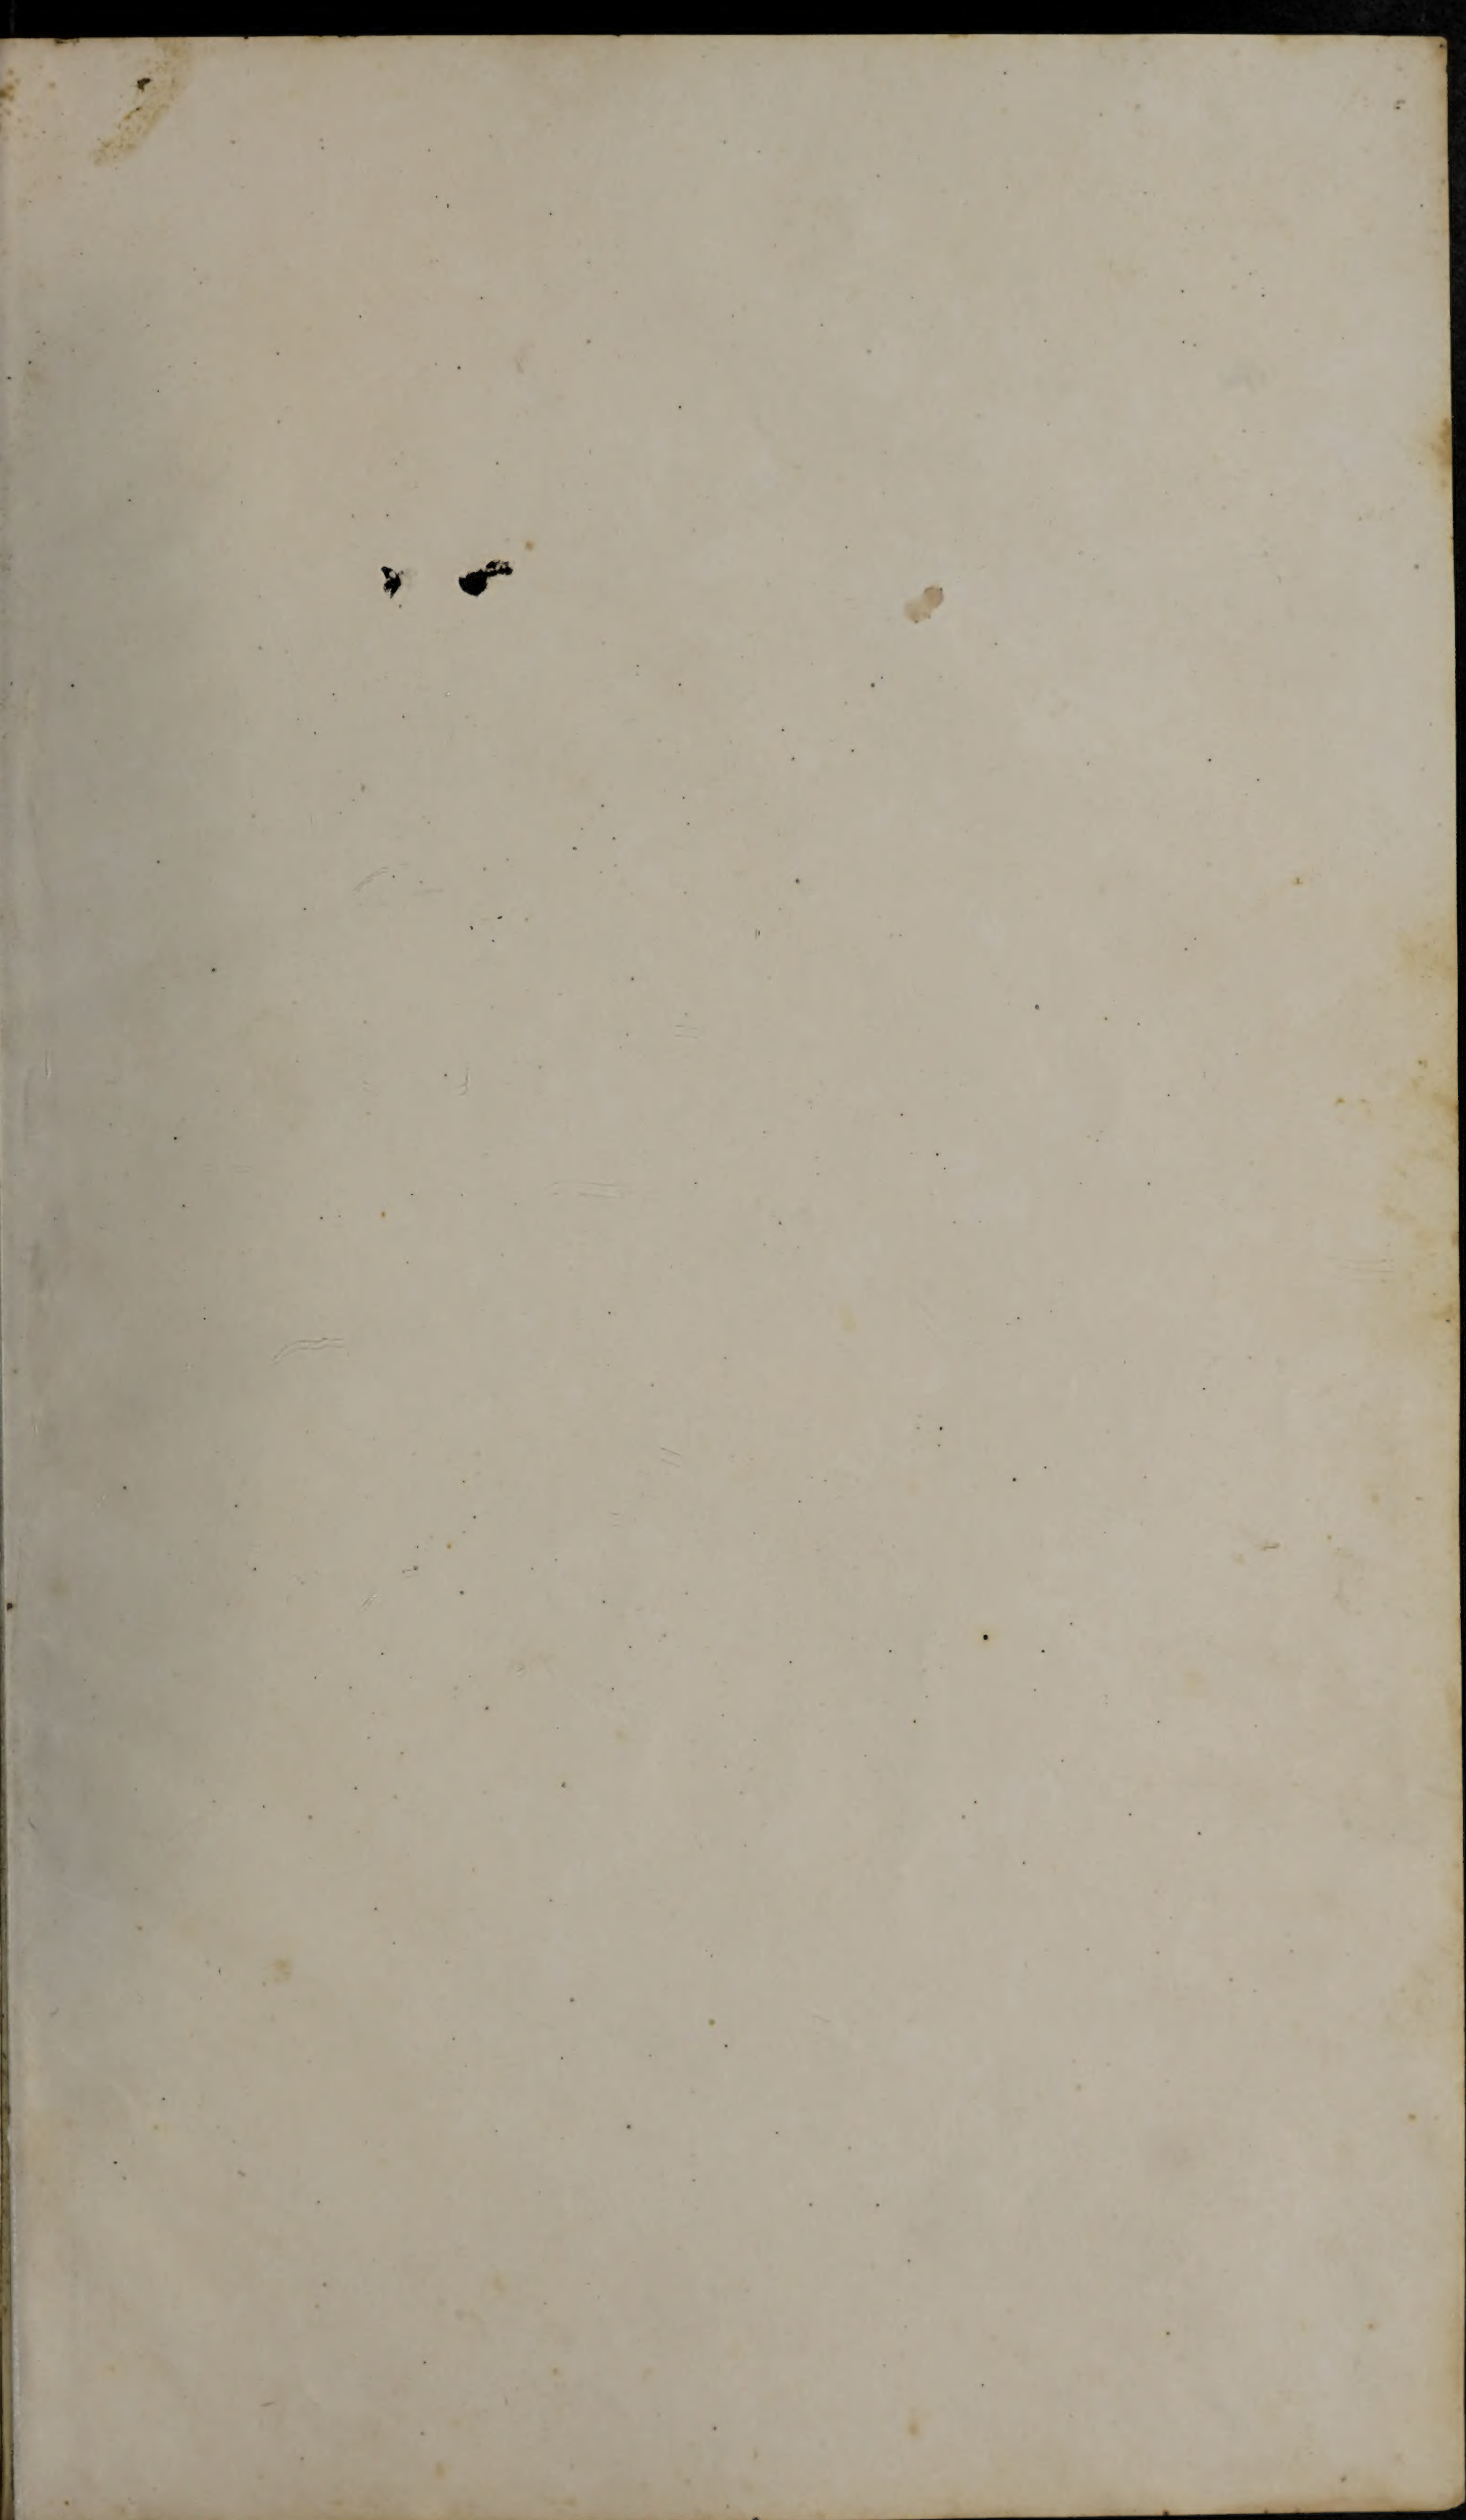

Chorus

3. Where the green willows waved by the brook  
And the sweet waters danced and smiled  
Of old carve on the oak where we used to play  
The basket makers child  
Where the green willows waved by the brook  
And the sweet waters dance so mild  
We bid her to rest and carve on the oak  
The basket makers child.

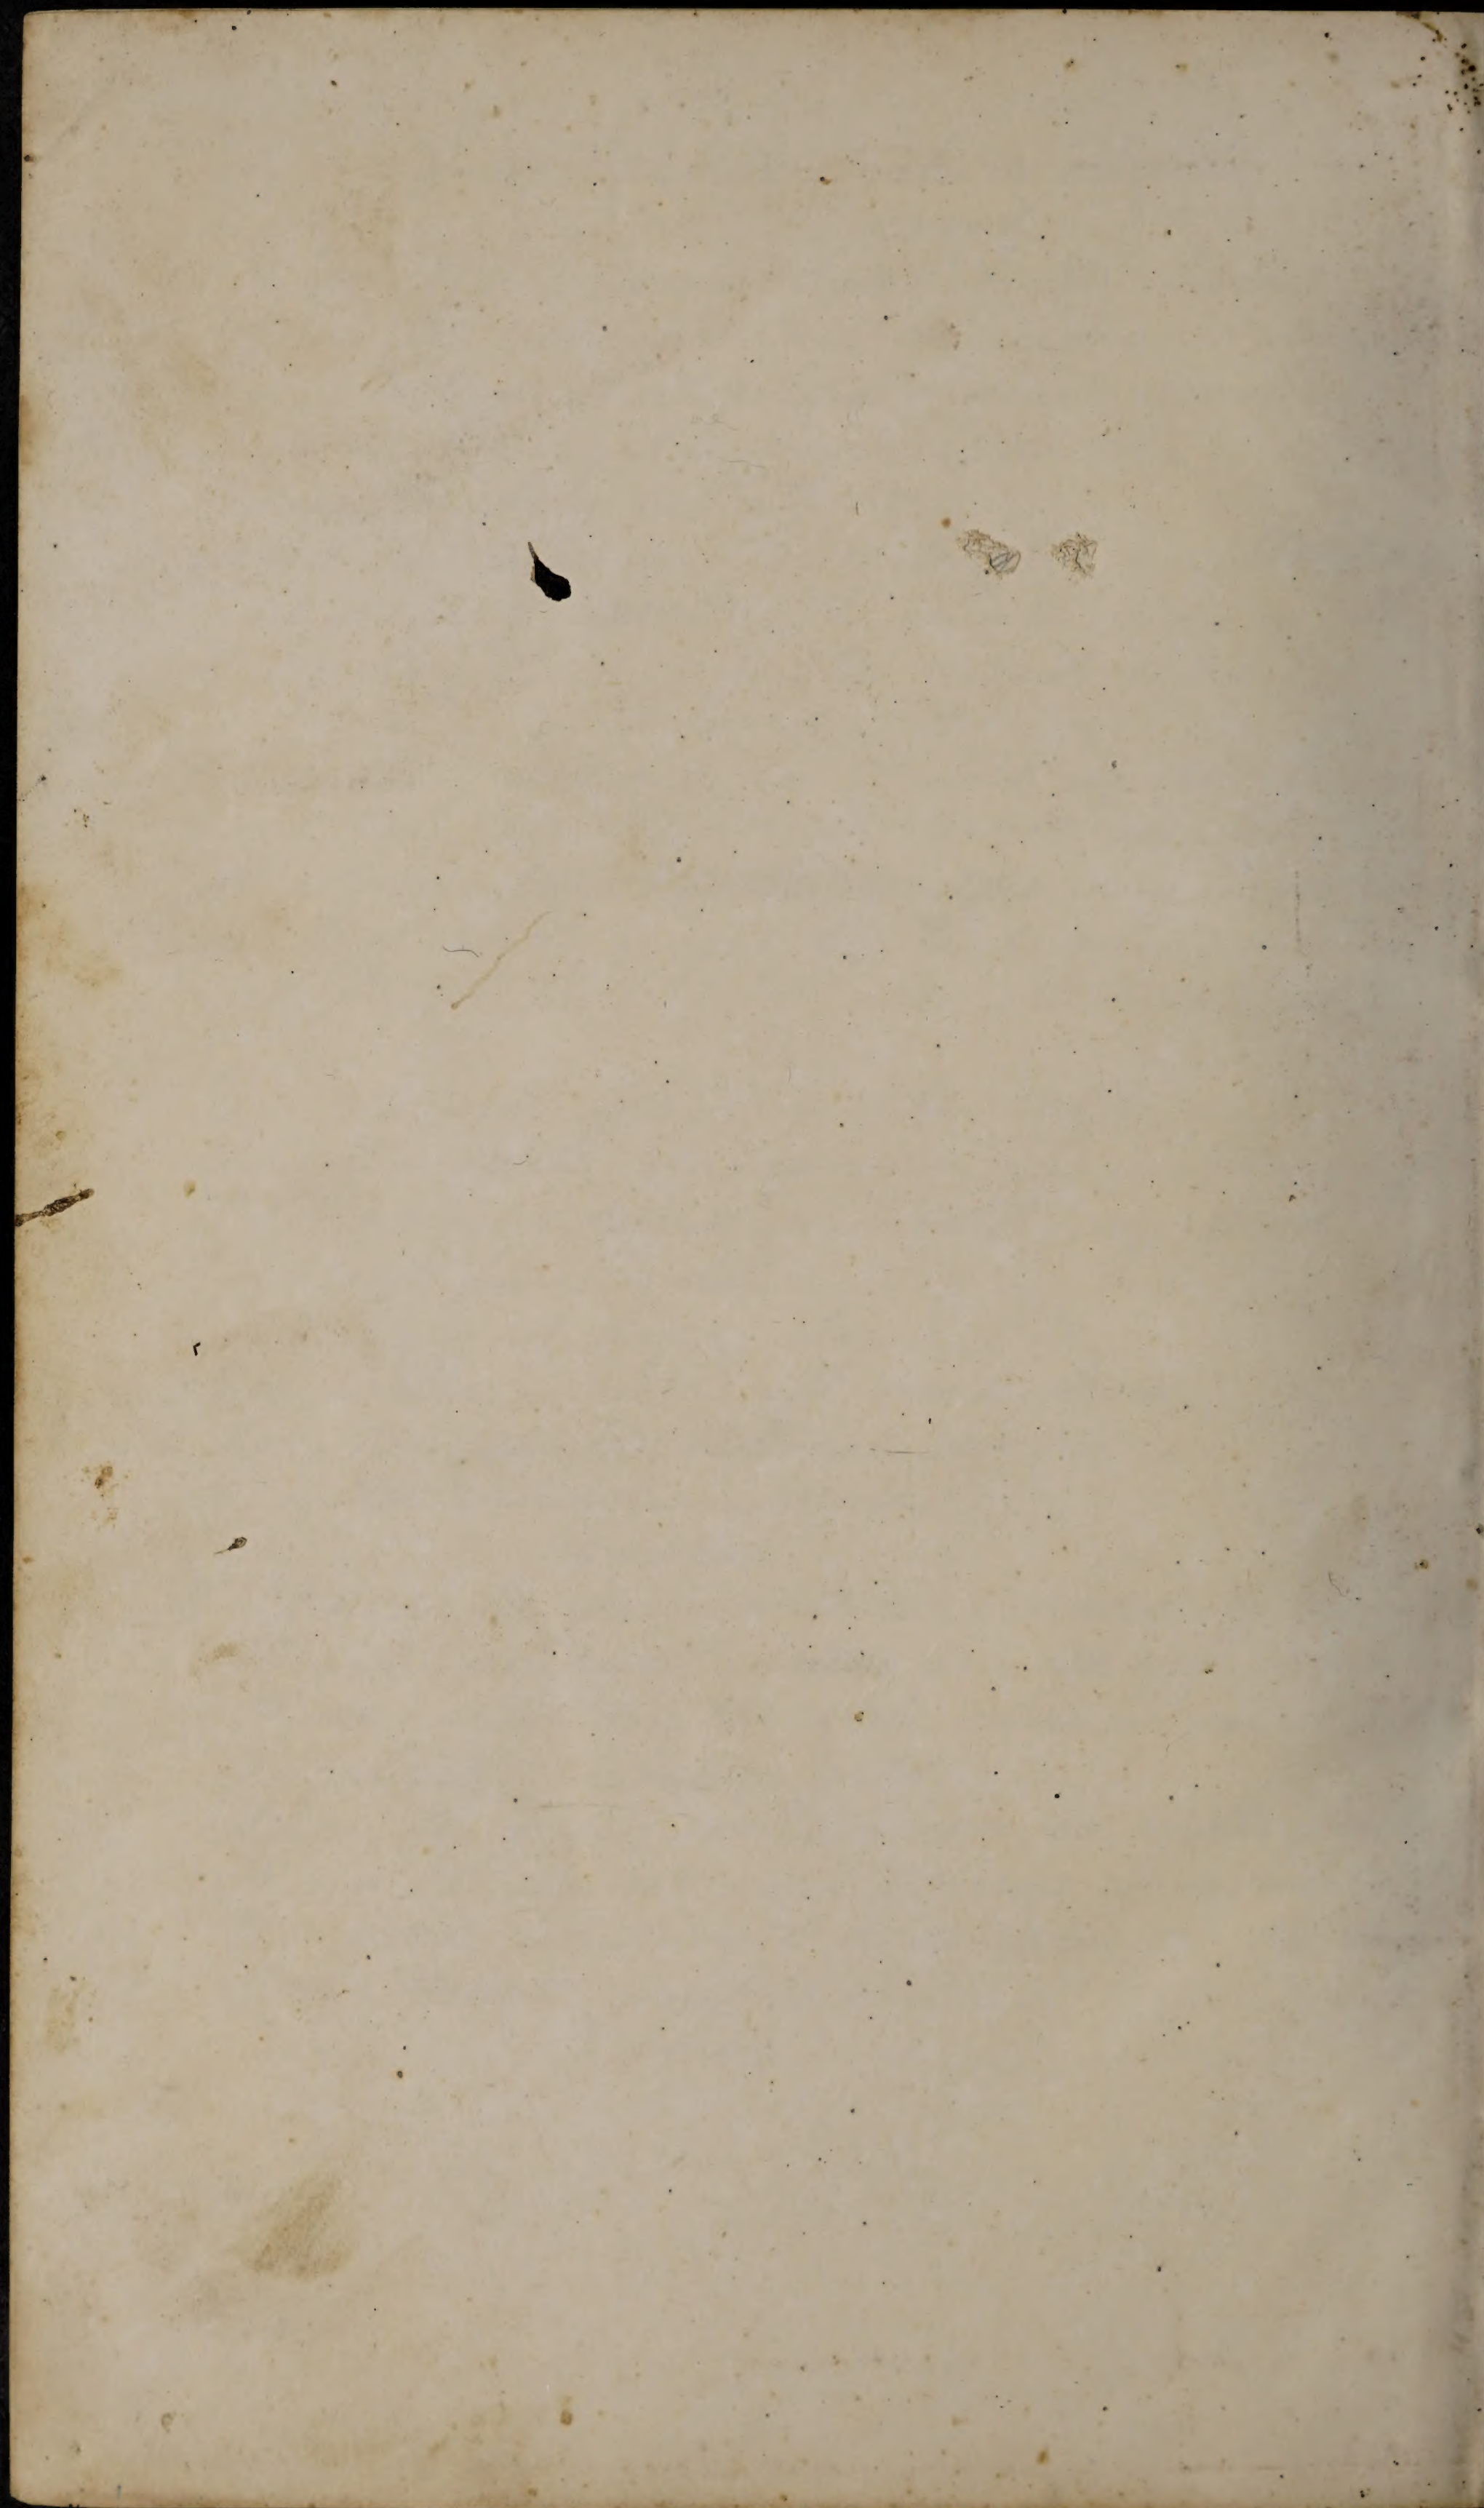

Chorus

At the West where still
